

Profile & Air Cooling Tables

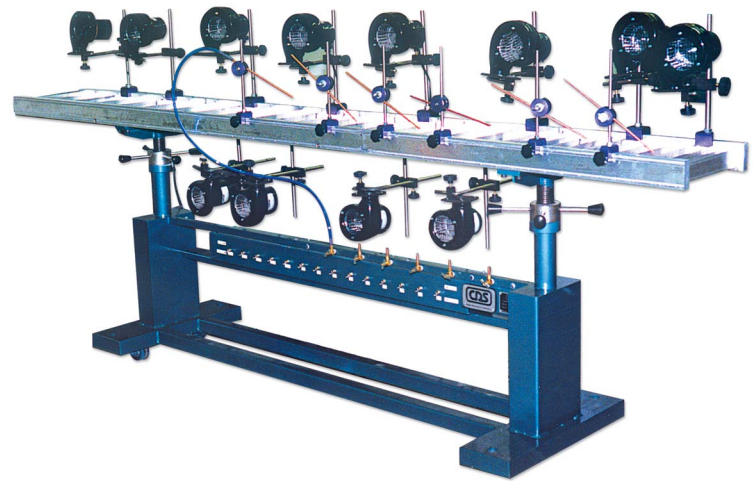

Application Category

PROFILE

CAT 8-10-32

CAC 8-10

CAC series - Profile Air Cooling Table

Model no.	Table size (w x l)	Adjustable blowers	Air nozzles	Dimensions (w x h x l)	Standard electrics	
					V AC	PH / Hz
CAC 8-10	8" x 10 ft.	10 (5 top, 5 bottom)	8	24" x 50" x 120"	120, 220,	1, 3 / 50, 60
CAC 8-14	8" x 14 ft.	16 (8 top, 8 bottom)	10	24" x 50" x 168"	230, 460,	
CAC 12-14	12" x 14 ft.			24" x 50" x 168"	575	

CAT series - Air Cooling Table

Model no.	Table size (w x l)	Fixed blowers	Sizing plates	Dimensions (w x h x l)	Standard electrics	
					V AC	PH / Hz
CAT 8-10-24	8" x 10 ft.	24 (12 top, 12 bottom)	24	24" x 66" x 120"	120, 220,	1, 3 / 50, 60
CAT 8-10-32		32 (16 top, 16 bottom)		24" x 56" x 120"	230, 460, 575	

NOTE: Contact a CDS representative for the most recent information concerning specifications, custom configurations, and additional standard models.

Our air tables cool plastic profiles by means of fully adjustable air blowers and nozzles. The tables are solidly constructed and can be easily positioned to match the height of the extruder and downstream line.

Downstream machinery for extrusion solutions
